

Highlights from CPCO's February 2016 AMR

By Andie McHardy-Blaser

Photography by Bahar Pourpezeshk (Edge Imaging)

CPCO recently held its last Assembly of Member Representatives (AMR) meeting before the [conference & AGM](#) in April.

The agenda was packed with insightful and informative presentations from the CPCO team along with engaging group activities and brainstorming, making for a productive and enjoyable meeting for all who attended.

The two-day gathering featured details regarding our upcoming conference & AGM, negotiations updates and professional networking opportunities.

Before the meeting began, we also conducted a focus group, centering on our communications services. Once the results are summarized, they will be used to further enhance our communications strategies moving forward.

We would like to thank our photographer from [Edge Imaging](#), Bahar Pourpezeshk, for capturing our AMRs in action.

To view the full gallery of photos from the AMR and the focus group, click [here](#).

CPCO Associates can view the full agenda from our most recent meeting, along with notes and presentation slides, when they [log in](#) to our website.
